

## DESCRIPTION

Caricari Lee Architects Inc. is a Toronto based architectural practice with over 30 years of professional experience. With a diverse range and depth of architectural specialties, varying from small scale renovations and additions to larger scale commercial and multi-unit residential projects, our firm values both creative concepts and critical thinking to deliver design excellence to each and every client. Our studio is a positive and collaborative environment which is supportive of continuous team development and personal growth. The ideal candidate for this position is passionate about design and has good creative judgement, with a strong ability to prioritize and deliver tasks on time.

We are currently recruiting for an **ARCHITECT / INTERMEDIATE DESIGNER**.

## QUALIFICATIONS

- B.Arch and M.Arch Degree from an accredited institution in Architecture
- 5+ years of relevant experience in Ontario with a variety of building types and sizes
- Fluency with the Ontario Building Code and municipal zoning by-laws
- Strong design and communication skills are essential
- Proficient in AutoCAD, Revit, MS Office, and Adobe Creative Suite
- Experience with Photoshop, Illustrator and Sketch Up graphic software an asset
- Strong work ethic, verbal and written communication skills
- Ability to work independently and effectively meet deadlines

## DUTIES/RESPONSIBILITIES

- Prepare and revise documentation in various architectural phases including site plans, floor plans, building elevations, building sections, and details.
- Assist in the development of a design through sketches, 3D massing studies, and other visual formats.
- Assist in site analysis, including survey of existing conditions and field measurements.
- Perform product research and assist project designers and project architects with material selection and system research.
- Interpret and apply the building code and requirements of other regulatory agencies.
- Attend project coordination and meetings with internal team members and/or external consultants.
- Coordinate with client and consultants to obtain necessary information and assist in problem solving.
- Self-check work for accuracy, omissions and legibility, and to ensure the level of work adheres to CLA drawing standards.
